

PATHFINDER ★ VILLAGE

March 11, 2020

Dear Families & Friends:

As of the writing of this message, the World Health Organization has announced that the coronavirus outbreak is a global pandemic. Pathfinder Village is working diligently to stay informed on all news updates and protocol changes relating to COVID-19.

We hope this update finds you well and not significantly impacted by this virus. There are currently no cases of COVID-19 at Pathfinder; our management team has deployed a significant number of additional protocols to prevent virus spread. Please call me if you have any questions or need clarifications on these; please understand that protocols may change with little or no notice given how quickly things are changing. Our protocols are being posted to our COVID-19 Response website at <https://pathfindervillage.org/all-together/pathfinder-protocols>.

We are following NYS OPWDD, DOH and CDC guidance that directs us to practice social distancing and travel restrictions in efforts to limit close contact with others who may have had exposure in “hot spots.” Our residents and staff are considered high risk and it is our duty and responsibility to respond accordingly.

Again, we will do our very best to keep you informed of any and all changes to our protocol as quickly as we can. Thank you very much for your understanding and cooperation.

Paul C. Landers
President and Chief Executive Officer
