Never Forgetting Why We’re Here

Each time I look into the eyes of a Pathfinder resident, I am reminded why we are here, and why after 30 years, our mission is ever-relevant. It’s not simply a question of achieving equal access and rights, it’s about appreciating the value of each person. It’s about finding common threads and sharing. It’s about seeing others as our brothers.

Pathfinder Village is a planned community that was founded on the ideas of fostering independence and providing quality opportunities for people living with Down syndrome and other developmental disabilities. There’s a unique paradox at play here in which our distinct community helps people develop wider circles of peers and social integration in the greater community. The camaraderie of friends, the opportunities for engagement and self-expression, and the natural rhythms of life all lead to a positive identity and a sense of belonging. This daily reinforcement allows each person the confidence and capability to be successful, contributing members in society.

Every time I look into the eyes of a person standing tall at Pathfinder, I also see those who support him outside the Village community, and am reminded that this is the Village at work. This is why we’re here. Thank you for making so much possible.

Warmest regards,

Paul C. Landers
President and Chief Executive Officer

Pathfinder Village At-A-Glance

Mission Statement: Pathfinder Village will promote a healthy, progressive environment that respects the individual, supporting a life of value and independence.

Services: Pathfinder Village is a private, non-denominational, residential community and school that specializes in the care and support of individuals who have a diagnosis of Down syndrome and other disabilities. In addition to providing quality residential, health, and mental health services, the Village offers individualized educational, vocational, recreational, and spiritual programs to foster personal fulfillment, community inclusion and independence. In 2011, Camp Pathfinder was added to our summer activities.

Population: Pathfinder Village presently serves a total of 93 children and adults who have Down syndrome and other developmental disabilities.

Location: Pathfinder Village is in the township of Edmeston, Otsego County, 20 miles west of Cooperstown. The Village is comprised of 300 acres with 11 residential homes, a school, gym, bakery, greenhouse, chapel, offices, Meeting House, and an education and outreach facility, the Kennedy-Willis Center.

Staffing: Pathfinder Village presently has 150 full-time staff, plus 36 part-time staff on its payroll; it is the second largest employer in the Town of Edmeston. Its annual budget is $7 million.

Governance: Pathfinder Village is governed by a Board of Directors whose membership represents regional professionals, business leaders, elected officials, and parents. William F. Streck, Chair of the Board, has served in that role since 1995; together the Board has served over a century on behalf of the residents.
Never Forgetting Why We’re Here

My name is Rebekah Hewett. I started school at Pathfinder Village in June 2005. My teacher this year is Miss Pearlmutter. I like school because I have many friends here. I also like working at Just Roots in the garden. Warm weather means it's time to plant. I would like to plant spinach, peas, and carrots. When I graduate, I will get a job! I want to work at a hospital.

Rebekah Hewett and her mom, Judy, who volunteers at Pathfinder School, enjoy one of the bikes that members of the Hudson Highlands New York Retreads Motorcycle Club brought to the School last summer.

Rebekah and Daniel Raffelock enjoy a Valentine's Day Dance during the School’s party.
Ross Bromley has been a reliable worker at Silver Dollar Optical for over a decade, and was recognized with business owners Nancy and Dan Bliss in 2011 as one of six statewide recipients of the “Works for Me” Award from the Office for People with Developmental Disabilities. They met Commissioner Courtney Burke and were feted at a special ceremony at the Empire State Plaza. Photos courtesy of OPWDD - John Benedict.

I'm Ross Bromley and I work at Silver Dollar in Oneonta. I make boxes, do recycling, and clean the glasses. I've been there for 13 years, I have many friends there. Last fall, my bosses, Nancy and Dan, and I went to Albany for a state award from Commissioner Burke. I live in Unadilla suite with Chris. We have a nice kitchen, cook our own meals, and do laundry. I like shopping for groceries. I like to stay in shape and I also like to travel. Soon I'm going to see the Rock and Roll Hall of Fame in Cleveland. I would like to go on a nature trip to Alaska too.

...that each life may find meaning.®

Oneonta, New York
My name is Liz C. I live in Chenang House. My friends are Laurie, Jim, and Clark. I help do chores and set the table for dinner. I like to dance, play Bingo and do seat aerobics with Paula.

I attend the Village Day Program at Mohawk House. It’s nice to walk to work each day. I type letters to friends on the computer. Two new people are coming now, George and Joe. It’s excellent.

They are building a new greenhouse at Pathfinder Village. I like to garden with Diane and plant flowers. My favorites are tulips.
Good byes and Thank yous

Pathfinder Village said its final good-byes to two dear members of our family in 2011, resident Mary Holman and parent Mary Stohlman. Ms. Holman lived a full life at the Village, serving as an ambassador in the Hand Bell Choir and participating in many activities and celebrations. She is remembered for her humor and her love of all craft projects, especially making hooked rugs.

Mrs. Stohlman often stopped by with friends at the Bakery, attended Chapel services, or volunteered at the Kennedy-Willis Center. She made beautiful applique wall banners for the Chapel, a lasting gift based in her deep faith. She also was instrumental in bringing the Blackthorn Caeli Dancers, an Irish heritage group from Baltimore, to the Village for many years of music and friendship.

Both of “our Marys” graced us with their glowing smiles and giving hearts. They are deeply missed.

Pathfinder Village also expresses its gratitude to those who retired from active service in 2011:

- Mary G. Stohlman 1928-2011
- Mary Holman 1951-2011

Pathfinder Village also expresses its gratitude to those who retired from active service in 2011:

Pathfinder Village Funds

Part of the magic of Pathfinder is the heartwarming stories that are part of our history. Each person and place has its own particular tale that reflects the richness of our Village.

It has been a long tradition to list Village funds in the Annual Report. There are many stories that need to be shared about these donors who have helped in so many ways. Collectively they have provided stability to Pathfinder and individuals, propelled the Village forward, and helped position it as a leading human services organization.

General and Program Support Funds

Village funds have been established to assist with operational and program costs at Pathfinder Village. Named funds remember special individuals whose spirit lives on as these funds help Village residents grow and lead independent lives.

Named Scholarships

Village Scholarships are funds that help families with tuition payments. From the Village’s earliest days, scholarships have made a lasting difference in individuals’ lives, allowing residents to continue along their paths of growth and independence. To date, there are 77 named funds that in 2011 provided $103,000 in scholarship support to needy families.

Our “work horse” fund has been based on the proceeds of the Otesaga Hotel Seniors Open and Pro-Am, which will celebrate its 30th anniversary in 2012.

Donors to capital projects at the Village have helped provide new opportunities for residents in all facets of their lives. In 2011, our significant improvements included opening a new home, Gilbert House; adding a four-bedroom addition at Wharton House; planning for Eldercare enhancements and adding a solar hot water system at Chenango House; adding a fire suppression system at Summit House; upgrading our Village computer network; building a new multi-activity court; and starting a new vocational center and greenhouse at the Village Commons.
